Dear SENDER member,

We stand alongside sexual violence survivors and strive to protect our community from acts of sexual violence.

The Sexual Violence Primary Prevention (SVPP) program has created a survey to understand the views of individuals in Texas. It asks questions about you, your community, and the people in it.

We invite you and anyone of any age who lives in Texas to participate. All answers are anonymous, and taking the survey is voluntary. You do not need to take part in any SVPP programming to take this survey. The survey will take no longer than 5-10 minutes.

We must all strive to do our part in using our voice to prevent sexual violence in our community. Please consider taking this short survey by following the link below or scanning the QR code.
